B.Tech (CSIT) 80
- **Bhasayam junior college** Jun 2017 — Apr 2019
Intermediate 78
- **Gopi Krishna schools** Apr 2016 — Apr 2017
School 84

PROJECTS

- **AADHAAR BASED VOTING SYSTEM USING BLOCKCHAIN**
I am a Team Leader of project, We have designed a web application which is based on blockchain technology. We have used React and typescript for the frontend of our web application and coming to the core part of our project, we have used web3 JS to communicate with the web application and blockchain. Furthermore, we have simulated blockchain with the help of GanacheCLI

CERTIFICATIONS

- Introduction to frontend development(Coursera)
- Introduction to backend development(Coursera)
- Introduction to Java programming (NPTEL)
- Introduction to python programming (NPTEL)
